

YOU CAN HELP US...

Build a House Like This
For a Deserving Family

Beautify the Surrounding
Neighborhood

WHO IS LIFE REMODELED?

Imagine building a house in six days — then just **giving it away** to a deserving family. Then imagine being part of a team that not only builds them a house, but helps to **rebuild their lives** with things like financial training, family counseling, and spiritual guidance. (Just think “Extreme Makeover: Home Edition,” only much deeper!).

Since 2011, we have **built five brand new houses** (each in six days) in Farmington Hills, Hazel Park, Pontiac, Redford, and Westland.

2013 BUILD:

Together we will transform a New Center area neighborhood by:

- Building a **brand new house** for a deserving family in just six days!
- **Remodeling dozens of houses** in the neighborhood
- **Beautifying 48 blocks** of the surrounding neighborhood
- Serving **thousands of meals**
- Providing **safety and security**
- Hosting a **huge celebration** on the 7th day!

WHEN: July 29 — August 4, 2013

2013 SPONSORS (As of May 2013)

[We are still looking for more sponsors!]

[ASN Security Systems | Bill & Rod's Appliances | Carrier Great Lakes | CBW Contractors |
ClearWater Construction | Dominick Tringali Architects | Dr. Gail Majcher | Framing Authority |

What Does This Detroit
Neighborhood **Need?**

YOU + Life Remodeled

WE ARE GOING TO NEED A LOT OF YOU!

One New House, and 48 Blocks of Beautification!

The neighborhood Life Remodeled has chosen is in **Detroit** (just north of the Wayne State campus). The area has many homes that are occupied and well-kept. However, there are also many homes in various stages of disrepair, and that is one of the goals of this project—either board them up for safety reasons, or tear them down and remove the blight. We will also be renovating many of the surrounding houses in the neighborhood by doing various repairs like painting, tree trimming, debris removal, landscaping, and gardening. We will need a lot of people to do this—though no special skills are required—so, **most anyone can help with the beautification.**

The house, however, is going to be **built by professional contractors**—to ensure a safe and reliable house—and will comply with all state and local building codes. So, we need **tradespeople from all disciplines**, as well as some of the **building materials** like concrete for the foundation and driveway, wood for framing, flooring, siding, plumbing, roofing, drywall and paint (some of the building materials are supplied by one of our major sponsors, Allied Building Products, and the HVAC unit is supplied by Carrier). However, there are some opportunities for people to help **move materials around**, and **clean up** after the contractors. After the house is finished, we then need **all the furniture** and **people to help move it** all in.

MANY VOLUNTEERS NEEDED

A variety of “jobs” are available, for all kinds of skill levels and ages:

- Remove blight/board up houses in the surrounding neighborhood
- Remodel many of the surrounding neighborhood houses
- Landscape properties of surrounding neighbors
- Serve food and drink to the volunteers
- Safety and security - Day and night
- Hospitality - Meeting neighbors and helping them out
- Medical assistance - Certified professionals or helpers
- Skilled tradespersons - Remodeling surrounding houses or building the new house

You can **help this neighborhood** continue to rebuild itself, and show the nation that we Detroiters love our city, will band together to rebuild this city, and help those in real need!

WHEN: July 29—August 4, 2013 (24x7)

ALREADY IN PROGRESS

Development Since 1994

The lot on which the house will be built on is owned by **CDC**, a non-profit organization committed to empowering people and creating positive opportunities for the central Detroit community.

Since 1994, through education, economic development, and employment, CDC has striven to inspire individuals within the community to reach their highest potential as confident, productive, and caring community leaders and citizens. They desire to meet the real needs of their community in such a way that they see the community restored and made whole, and as a result, people will take pride in their community and desire to stay there.

To stabilize the neighborhood, they have started and nurtured businesses:

- “Cafe Sonshine” - a healthy soul food restaurant
- “Peaches and Greens” - a produce market and delivery truck
- “Restoration Warehouse” - home furnishing essentials
- “Solid Rock” - property management
- “Higher Ground” - landscaping and lawn services
- “Farm and Fishery” - fresh fish and vegetables
